[2009 State of the states: The AGA survey of casino entertainment](#)

American Gaming Association. (2009).

The American Gaming Association (AGA) is proud to present the 2009 State of the States: The AGA Survey of Casino Entertainment. As it has in recent years, State of the States gives a comprehensive report of the contributions the U.S. commercial casino industry makes to the communities where it operates. The report includes national and state-by-state information on employment, wages, tax contributions and gaming revenues in the 12 commercial casino states and similar data for the still-expanding racetrack casino sector. This year's report reflects the impact of the recession and the accompanying drop in consumer spending on the commercial casino industry.
